Markie Noah's Golf Scramble
1710 S. 8th St, Fargo, ND 58103

Smith-Lemli-Opitz | RSH
FOUNDATION

What is the Smith-Lemli-Opitz Foundation?

The Smith-Lemli-Opitz Foundation works locally, nationally, and worldwide to improve the quality of life for people with Smith-Lemli-Opitz syndrome through education and family support, spreading SLOs awareness, and funding research into this rare genetic disorder. The SLO Foundation is run by an amazing group of volunteer parents led by a dedicated Board of Directors and Medical Advisory Board who care deeply about improving the lives and health of our special children.

Federal Tax ID # 23-2635206

What is Smith-Lemli-Opitz syndrome?

Smith-Lemli-Opitz syndrome (SLOs) is a rare recessive genetic condition caused by the body's inability to make enough cholesterol to support normal cellular function, growth, and development. Common characteristics include global growth and developmental delays, behavioral issues, physical malformations & internal organ issues (common are heart, lung, kidneys, gastrointestinal tract and brain). Disease severity varies greatly, even within the same family.

Dear Friends and Family,

Thank you for your interest in the **1st Annual Mark Noah Golf Tournament** which benefits the Smith-Lemli-Opitz Foundation. Many of you have walked with us on our 17-year journey since Markie was born and then later diagnosed with SLOs when he was 2-1/2 years old. Twelve of these years we hosted fundraising events from walks to large mite & squirt hockey jamborees. In total, with your support, we have raised over \$350,000.00 for the SLO Foundation to further SLOs awareness & fund research into the syndrome, host national family medical & scientific conferences, and provide critical support for families who have children and adults diagnosed with SLOs. It has been an amazing ride full of many blessings along the way.

If you can believe it, Markie is going to be a senior at Shanley High School this year. He swims for the combined Fargo South men's swim team and also plays on Shanley's golf team. He works at the Fargo Country Club and is always up for playing a round of golf. Covid-19 caused him to be online for school during the spring of his sophomore year and most of his junior year. But after being fully vaccinated in February, Markie was able to return to school in March of 2021. He is looking forward to his senior year at Shanley in the fall and has already started touring colleges this summer. We are grateful that his health remains good and his heart condition is staying in check.

Thank you so much for your friendship and being a part of this golf tournament in support the Smith-Lemli-Opitz Foundation. We are deeply grateful and look forward to seeing you September 12th!

Weather policy: The 2021 Mark Noah Golf Tournament will be played rain or shine. In the event of hazardous conditions and cancellation of the golf scramble, the entry fee/sponsorship will become a donation to the SLO Foundation. Players will receive a rain check to play at Lakeview Golf Course in the future.
